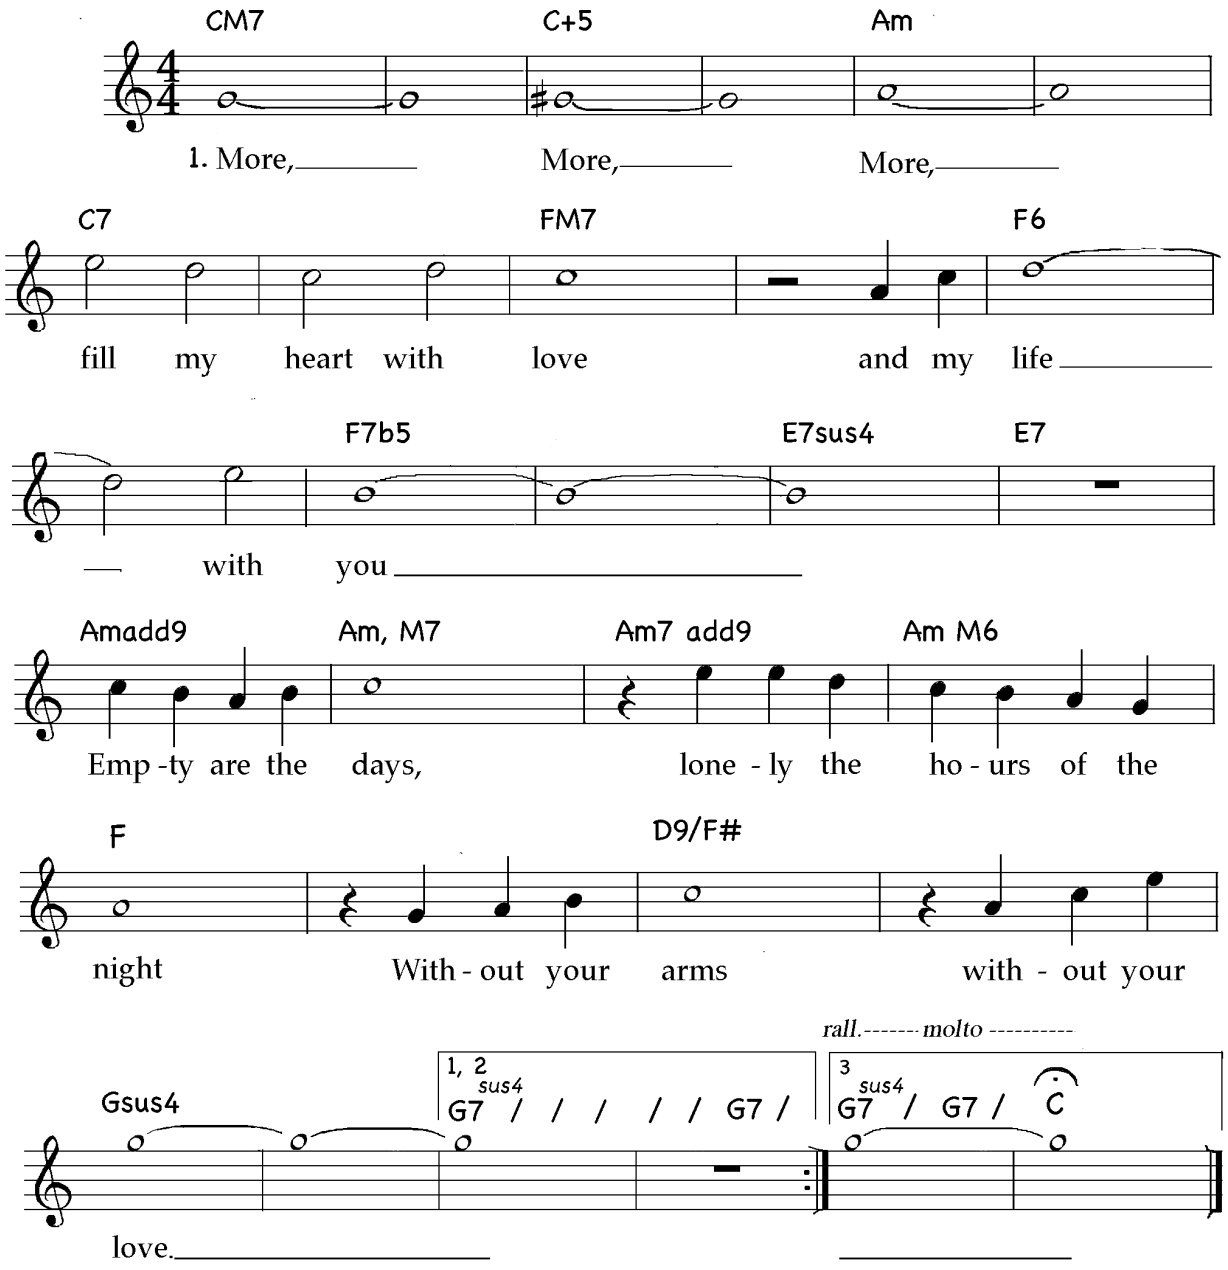
HOLLY GIRL

Music by Steve Mann

Words by Janet Smith



2. Now, now, now,
Hold me through the night,
Till the light of day;
Together in our dreams,
Up to the avenue of stars,
On silver wings
We'll fly away.

3. Lost in love,
We'll just disappear
Way beyond the sky;
Hidden by the moon,
Inside our gossamer cocoon,
We'll turn into
A butterfly.
